

M.Sc. MEDICAL PHYSIOLOGY

- 25+ Impactful Years
- Internship / Hands-on training in 800+ Bedded Superspeciality Hospital
- Excellence in Education, Healthcare Services & Research
- Research Excellence through Journals & e-Journals
- Most Approachable Location
- Holistic Development of Students
- Quarterly Fee Payment Mode

- Excellent Teaching Resources
- Theoretical/ Hands-on training and Pre-Clinical Knowledge Instruction
- Amphibian, Clinical, Mammalian, Haematology and Research Laboratories Equipped with Modern Equipment
- Regular Symposia, Seminars & Dissertation
- Excellent Academic Career Opportunities
- 100% Placement Assistance

DEAN'S MESSAGE

Prof. (Dr.) Shalabh Gupta

Dean Academics & Professor of Surgery

Santosh Deemed to be University is a highly ranked, dynamic & innovative medical institution dedicated for providing high quality education in fields of UG/PG Medical, Dental, Allied and Paramedical Health Sciences for more than 25 years. Allied health professionals are in huge demand today not only in India but abroad. At present we are providing more than 40 programs. More than 10000 students have passed and now pursuing brilliant academic and clinical career in India and abroad. We are committed to produce competent professionals with excellent academics, clinical exposure in 800+ bedded hospital and 100% placement assistance.

Prof. (Dr.) Manisha Gupta

Head, Department of Physiology

M.Sc. Medical Physiology is designed to provide a solid foundation in physiology, equipping you with the knowledge and skills needed to excel in this dynamic field. Joining our department will not only enhance your academic journey but also provide a platform for personal and professional growth. Your academic background and qualifications align perfectly with the objectives of our department, and we believe you will greatly benefit from the comprehensive curriculum and cutting-edge research opportunities we offer. Many students after completing M.Sc. Medical Physiology from our department got an opportunity to serve in government medical colleges as well as private medical colleges and paramedical colleges.

HOD'S MESSAGE

OVERVIEW

Physiology is the branch of science that deals with the normal functions of living organisms and their parts. Medical Physiology specifically emphasizes the functioning of the human body and its various systems. M.Sc. in Medical Physiology is to provide students with an in-depth understanding of the human body's function and regulation. This program aims to equip students with the knowledge and skills necessary to analyze and interpret physiological processes at the cellular, organ, and system levels. Students examine human physiological systems from the molecular and cellular levels to the human body as a whole.

M.Sc. Medical Physiology involves teaching theory and practical aspects of general and systemic physiology, clinical research, research methodology and biostatistics, etc. The degree in M.Sc. Medical Physiology provides excellent preparation for careers in medical research and the health professions in healthcare disciplines like sports, yoga, and nutrition fields, etc.

ADMISSION PROCESS

The students can opt for the **Direct Admission process**. The desired students can directly contact us for securing a seat in the program. For more details, kindly visit: admission.santosh.ac.in

- M.Sc. Medical Physiology degree is affiliated with Santosh Deemed to be University.

PROGRAMS OFFERED

| PROGRAM | ELIGIBILITY | PROGRAM DURATION | PROGRAM TYPE |
|--------------------------|---|--|--------------|
| M.Sc. Medical Physiology | <ul style="list-style-type: none"> B.Sc. / Bachelor's in any discipline of Life Sciences / Biological Sciences, M.B.B.S, BDS, BAMS, BHMS, B. Pharma, Bachelor's Degree in Agricultural, Veterinary and Fishery Sciences, or equivalent examination with aggregate 50% marks. | <ul style="list-style-type: none"> 3 years (6 Semesters) CBCS based curriculum | Regular Mode |

CAREER PROSPECTS

Physiologists are in demand in today's sports, yoga & nutrition fields in India and abroad. The **demand of Research is growing at an accelerated rate**, which makes career prospects in this field bright. In academics, one can go for higher qualifications like a Ph.D. in various fields of Physiology.

- Teaching Assignments:
 - Medical College
 - Dental College
 - Paramedical College
- Clinical Research Associate
- Editors in Publication House (Journal, Book).
- Embryologist after short-term course in IVF centers
- Medical Writing and Journalism
- Regulatory Affairs in Government agencies, Pharmaceutical companies, Medical device manufacturers
- Exercise Physiologist
- Research Scientist
- Nutrition Physiologist in Govt agencies like aviation research, high altitude research institute, deep sea research institute, and DRDO.

ADDITIONAL LAB FACILITIES

Setup for Remote Monitoring

Bicycle Ergograph

NCV, EEG, EMG (Evoke Potential)
